## Stenciling

### Have you Tried It?

If you have never tried it, you most certainly should, it is the latest idea in decoration and fancywork. Stenciling on fabrics gives very pleasing results, as you can make such attractive presents for your friends or you can beautify your home with artistic curtains, pillow covers, table covers, etc.

Stenciling is not hard to do, you can learn how very easily. The chief requisite is to get the right materials to work with—colors that will be clear and brilliant and will remain fast in the fabric when it is washed.

## PRINTER TOWSE WILL FIGHT CASE

Summons has issued for the appearance before District Magistrate Andrade, on Monday, of Ed. Towse, manager of the Mercantile Printing Company, for him to show cause why he should not dig up \$26 as a license fee for selling goods and merchandise, in connection with his printery.

License Rustler Fred. Turrill notified all printers and tailors and laundrymen and fishermen and clothes cleaners and dyers, etc., that they would have to pay this license, or whatever other license fitted their particular case, or go to court.

Other printeries have paid, but Mr. Towse contests the right of such a tax, on constitutional grounds, claiming also that he is not a dealer in merchandise in the sense contemplated by the new law, and he will fight the matter, being represented by an attorney.

## A JAPANESE WITH THE "D. T'S"

A Japanese was this morning conveyed to the Palama hospital, in the police patrol, suffering with delirium tremens which he has been developing for several years. During five years he has been an otherwise faithful servant to Dr. and Mrs. Marques, his drinking habits never interfering with his household duties. Between work-days, however he imbibed ferociously. Last night the police were requested to take him in charge and he gave an exhibition in a cell of the effect his booze had had on his system. He had to be quieted by the use of the hypodermic.

## EXQUISITE LOVE SONG AT ORPHEUM

They call Allen Doone the singing comedian, but he is more than a comedian. There is nothing funny about love; it's too delicious; though there's plenty of opportunity for fun when one's making love.

At the Orpheum last night the crowded house was treated to as good a sketch as could be seen anywhere in the world, in its delightful class.

Allen Doone and Miss Edna Keeley are talent of the first water, without a flaw. They present a one-act playlet that embodies two great attractions, singing that is as full of romance as can be, and clever acting that is as true to life as is natural respiration.

Doone makes love to the lady in that beautiful strain which is so characteristic of Irish love songs, and his rich, strong, vivifying voice matches the sentiment of the psalm in every particular. One moment they are in a winsome passage "at arms" and the next the house is in a ripple of delighted mirth. And then you want to see the baby, acted by himself.

Jack and Mrs. Golden are also, on the program and as good as ever, not to forget the other entertainers, which includes the jolly chorus with the energetic pedal extremities and winking toes.

BY A LOCAL ARTIST.

E. N. Johnson, an ambitious and promising young artist, has executed a portrait, in oils, of George Washington, which he painted in contemplation of Washington's birthday, next month, and which will make a striking central subject in a window display planned for that occasion. Johnson displays considerable talent and his work has been favorably remarked.
